3.1. CSBG Lead Agency Mission and Responsibilities:

The mission of the Department of Community Services and Development (CSD) is to reduce poverty for Californians by leading the development and coordination of effective and innovative programs for low-income Californians. CSD administers local community services and energy programs through a network of local service providers around the state to deliver services to low-income families, individuals and communities to help them achieve self-sufficiency and attain a higher quality of life.

CSD administers the following federal funded programs: U.S. Department of Health and Human Services (HHS) Community Services Block Grant (CSBG), the HHS Low Income Home Energy Assistance Program (LIHEAP), the U.S. Department of Housing and Urban Development Lead-Based Paint Hazard Control Program and the U.S. Department of Energy (DOE) Weatherization Assistance Program (WAP).

CSD partners with non-profit and public agencies in local communities to deliver a wide range of innovative programs that directly address the leading causes of poverty in California. For example, CSD supports projects and services that assist low-income households pay utility bills, obtain employment, increase their education, access vital early childhood programs, achieve or maintain their independence, and increase home energy efficiency and lower utility bills through weatherization.

In 2015, California's State Budget provided CSD with \$7.5 million to administer the Drought Emergency Assistance Program to provide emergency assistance services to drought impacted, low-income Migrant and Seasonal Farmworkers (MSFW). This program is available in 24 counties currently experiencing some of the worst drought impacts.

In the 2014/15 State Budget, CSD was funded \$75 million from California's Greenhouse Gas Reduction Fund (Cap-and-Trade proceeds) to launch the Low-Income Weatherization Program. This program provides cost-effective energy efficiency and renewable measures in the residences of qualifying low-income households located in disadvantaged communities, as

identified by the California Environmental Protection Agency, to reduce Greenhouse Gas emissions and energy use.

SECTION 9 State Linkages and Communication

9.1. State Linkages and Coordination at the State Level: Describe the linkages and coordination at the State level that the State plans to create or maintain to ensure increased access to CSBG services to low-income people and communities under this State Plan and avoid duplication of services (as required by the assurance under Section 676(b)(5)). Describe or attach additional information as needed. **[Check all that apply from the list below and, if other checked, provide a Narrative]**

- State Low Income Home Energy Assistance Program (LIHEAP) office
- State Weatherization office

-
- State Temporary Assistance for Needy Families (TANF) office
 - State Head Start office
 - State public health office
 - State education department
 - State Workforce Innovation and Opportunity Act (WIOA) agency
 - State budget office
 - Supplemental Nutrition Assistance Program (SNAP)
 - State child welfare office
 - State housing office
 - Non-profit Organizations,

As the state administrator of the LIHEAP and WAP programs, CSD staff works collaboratively to ensure the coordination of these programs at the local level. Information pertaining to the LIHEAP/WAP services providers and their service areas are shared with the respective CSBG eligible entities. Approximately 50% of California's CSBG eligible entities administer both the LIHEAP and CSBG program.

Additionally, CSD participates on SIT whose members are representative of the agencies checked above. As a result of CSD's participation on SIT, CSD is chairing a collaborative effort to expand and promote the utilization of the EITC. Enacted in the 2015/16 State budget, California will offer a state EITC starting with tax returns filed for income earned in 2015. This cross-sectoral workgroup is representative of California state departments, the Internal Revenue Service, the California Budget & Policy Center, United Way, 2-1-1 and other private and public organizations.

- 9.2. State Linkages and Coordination at the Local Level:** Describe the linkages and coordination at the local level that the State plans to create or maintain with governmental and other social services, especially antipoverty programs, to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by assurances under Sections 676(b)(5) and (b)(6)). Attach additional information as needed.

CSD is actively engaged in collaboration and partnerships at the State level to fulfill this requirement.

State Interagency Team (SIT)

The purpose of the SIT is to provide leadership and guidance to facilitate implementation of improved systems that benefit communities and the common populations of children, youth and families. The statewide agencies represented on SIT include the California Departments of Social Services (CDSS); California Department of Education; California Department of Public

Health (CDPH); California Department of Health Care Services; California Department of Corrections and Rehabilitation, California Department of Developmental Services, California Employment Development Department, California Emergency Management Agency, California Workforce Investment Board and the Administrative Office of the Courts. The SIT promotes shared responsibility and accountability for the welfare of children, youth and families by ensuring that planning, funding and policy are aligned across state departments to accomplish the following goals:

- Build community capacity to promote positive outcomes for vulnerable families and children
- Maximize funds for the shared populations, programs and services
- Remove systemic and regulatory barriers
- Ensure policies, accountability systems and planning are outcome based
- Promote evidence based practices that engages and builds on the strengths of families, youth and children
- Share information and data

Food Access Nutrition Education and Outreach Participation

CSD participates in the Food Access Nutrition Education and Outreach Participation Committee meetings comprised of federal, state, county, non-profit, advocates and others focused on providing nutrition assistance programs for low-income Californians. The meetings are hosted by the CDSS CalFresh program and the CDPH SNAP–Education program. The purpose of the committee is to address policy, customer service, media and outreach changes, share data, identify barriers, and coordinate services with stakeholders at the state and local level.

Health in All Policies

CSD participates in the California Health in All Policies (HiAP) Task Force, which is staffed by CDPH in partnership with the Public Health Institute, and is housed under the Strategic Growth Council. HiAP brings together state agencies, departments, and offices with a common goal of working together to improve the health of all people by incorporating health, equity, and sustainability considerations into decision-making across sectors and policy areas. As part of the HiAP, CSD is participating in violence prevention small group meetings focused on identifying opportunities for cross-sector discussions, collaboration and networking to prevent violence and trauma and promote community safety.

Drought Task Force

On January 17, 2014, the Governor declared a Drought State of Emergency as California faced its most severe drought in decades. The Governor established a Drought Task Force to prioritize state action needed to address conditions resulting from the drought. CSD is a member of the Community Support working group responsible for administering emergency food, housing and utility assistance to drought impacted areas.

California State Set-Aside (SSA)

CSD participates on the SSA committee to determine funding recommendations for SSA and National Board Reallocation (NBR) awards under the Emergency Food and Shelter Program (EFSP). The EFSP is governed by a national board, chaired by the Federal Emergency Management Agency, that awards grants to local jurisdictions on a funding formula that is based on local poverty and unemployment rates. Local boards are convened in qualifying jurisdictions to determine the highest need and best use of funds, and to select organizations that will provide emergency food and shelter services. The national board awards most EFSP grants to local jurisdictions directly. SSA awards are allocated to SSA Committees to be awarded as supplemental funding to local jurisdictions that may or may not have received direct funding based on additional identified needs. The Committee is responsible for developing recommendations for the allocation of SSA and NBR funds to high-need jurisdictions in the state.

9.3. Eligible Entity Linkages and Coordination

9.3a State Assurance of Eligible Entity Linkages and Coordination: Describe how the State will assure that the eligible entities will coordinate and establish linkages to assure the effective delivery of and coordination of CSBG services to low-income people and communities and avoid duplication of services (as required by the assurance under Section 676(b)(5)). Attach additional information as needed.

CSD requires CSBG eligible entities to coordinate and establish linkages with other public and private resources within their service area. The Community Action Plan (CAP) requires each eligible entity to provide a description of how they will coordinate and establish linkages to mobilize resources to assure maximum leveraging of the CSBG funds. Examples of these linkages include coordination or partnerships with local Workforce Investment Boards, social service departments, one-stop centers, child care, faith-based organizations and other community based organizations. CSD will ensure that these activities are carried out through the review of the CAPs, monitoring of the CSBG eligible entities' program performance and oversight of the contract requirements.

9.3b State Assurance of Eligible Entity Linkages to Fill Service Gaps: Describe how the eligible entities will develop linkages to fill identified gaps in the services, through the

provision of information, referrals, case management, and follow-up consultations, according to the assurance under Section 676(b)(3)(B) of the CSBG Act.

CSBG eligible entities have established partnerships and collaborate with local community organizations, service providers and public and private agencies to assure the effective delivery of services to the low-income population. CSBG eligible entities enrich local services by linking low-income Californians to available resources through direct services, and by establishing formal and informal agreements through contractual relationships with subcontractors and referrals to community partners.

CSBG eligible entities utilize and evaluate community assessment data to identify gaps in services and opportunities. They then develop strategies to resolve the identified gaps and enhance current programs. As such, the practice of cross-referring clients is common, as staff participates on local area commissions and share information about respective services and gaps in services.

- 9.4. Workforce Innovation and Opportunity Act (WIOA) Employment and Training Activities:** Does the State intend to include CSBG employment and training activities as part of a WIOA Combined State Plan, as allowed under the Workforce Innovation and Opportunity Act (as required by the assurance under Section 676(b)(5) of the CSBG Act)? Yes No

9.4a If the State selected “yes” under item 9.4, provide the CSBG-specific information included in the State’s WIOA Combined Plan. This information includes a description of how the State and the eligible entities will coordinate the provision of employment and training activities through statewide and local WIOA workforce development systems. This information may also include examples of innovative employment and training programs and activities conducted by community action agencies or other neighborhood-based organizations as part of a community antipoverty strategy.

9.4b. If the State selected “no” under item 9.4, describe the coordination of employment and training activities, as defined in Section 3 of WIOA, by the State and by eligible entities providing activities through the WIOA system.

California CSBG eligible entities coordinate efforts and link resources with employment related community partners including, but not limited to, businesses, colleges, Workforce Investment Boards, youth organizations, one-stop centers and California Work Opportunity and Responsibility to Kids (CalWORKs) offices, to meet the immediate and long-term training and employment needs of low-income families and individuals. Through direct service, informal agreements, service referrals and contractual relationships, employment training program participants benefit from shared resources to access crucial employment and job training opportunities.

-
- 9.5. Emergency Energy Crisis Intervention:** Describe how the State will assure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to Low-Income Home Energy Assistance) are conducted in each community in the State, as required by the assurance under Section 676(b)(6) of the CSBG Act).

CSBG eligible entities describe in their CAP the coordination between antipoverty programs in their community and how the emergency energy crisis intervention programs are conducted. The CAPs are reviewed by CSD to ensure compliance with this assurance. Additionally, CSD as the administrator of the LIHEAP continues to foster coordination between the CSBG eligible entities and, where applicable, the LIHEAP provider. Approximately 50 percent of the CSBG eligible entities administer both the CSBG and LIHEAP grants. The remaining CSBG eligible entities are acquainted with the local LIHEAP provider and utilize the linkage to serve the low-income in their community.

- 9.6. State Assurance: Faith-based Organizations, Charitable Groups, Community Organizations:** Describe how the State will assure local eligible entities will coordinate and form partnerships with other organizations, including faith-based organizations, charitable groups, and community organizations, according to the State's assurance under Section 676(b)(9) of the CSBG Act.

CSD requires CSBG eligible entities to certify compliance with this assurance in the CAP, and provide a description of these community partnerships. These partnerships are instrumental in allowing CSBG eligible entities to leverage funds, staff, and other resources to assist low-income Californians.

- 9.7 Coordination of Eligible Entity 90 Percent Funds with Public/Private Resources:** Describe how the eligible entities will coordinate CSBG 90 percent funds with other public and private resources, according to the assurance under Section 676(b)(3)(C) of the CSBG Act.

CSBG eligible entities coordinate funds and resources with a vast network of public and private partners including, but not limited to, Workforce Investments Boards, One-Stop Centers, CalWorks administrators, healthcare providers, Senior Centers, local Police, County Probation and Parole offices, community advisory boards, youth councils and emergency services entities to meet immediate and long-term needs of low-income individuals and families. In addition, CSBG eligible entities coordination efforts may include information sharing, direct referrals, MOUs and sub-contractual agreements to ensure delivery of services to low-income individuals.

- 9.8. Coordination among Eligible Entities and State Community Action Association:** Describe State activities for supporting coordination among the eligible entities and the State Community Action Association.

In coordination with the California Community Action Partnership Association (Cal/CAPA), CSD hosts quarterly CSBG CAC meetings. The CAC is a regular stakeholder meeting offering a forum for CSD and Cal/CAPA to update CSBG agencies on CSBG related topics and issues as well as for agencies to share experiences and innovations with their peers and CSD.

The CSBG-related workgroups formed by CSD to address CSBG-related issues consists of representatives that reflect the diversity of California’s entities and the State Community Action Association.

9.9 Communication with Eligible Entities and the State Community Action Association: In the table below, describe the State’s plan for communicating with eligible entities, the State Community Action Association, and other partners under this State Plan. Include communication about annual hearings and legislative hearings, as described under Section 4, CSBG Hearing Requirements.

Policies on Eligible Entity Designation, De-designation, and Re-designation

- 10.8.** Does the State CSBG statute or regulations provide for the designation of new eligible entities?
 Yes No

10.8a. If yes, provide the citation(s) of the law and/or regulation. If no, describe State procedures for the designation of new eligible entities.

This subject is addressed in California Government Code §12750.1.

(a) No new community action agency may be designated by the director for a political subdivision that is served by an existing community action agency unless any of the following exist:

(1) The political subdivision is informed in writing by the director that the existing community action agency has failed to comply, after having a reasonable opportunity to do so, with the requirements of this chapter, subject to paragraph (5) of subdivision (c) of Section 12781.

(2) The political subdivision is informed by its existing community action agency that because of changes in assistance furnished to programs to economically disadvantaged persons it can no longer operate a satisfactory community action program.

(3) The director is petitioned by significant numbers of eligible beneficiaries to reconsider its existing designation and, based on that reconsideration, determines to designate an alternate community action agency.

(b) In the event that the designation of an existing community action agency is revoked, the director shall designate a new community action agency within a period of 90 days after the effective date of the revocation, subject to Section 12750.2.

- 10.9.** Does the State CSBG statute and/or regulations provide for de-designation of eligible entities?
 Yes No

10.9a. If yes, provide the citation(s) of the law and/or regulation. If no, describe State procedures for de-designation of new eligible entities.

This subject is addressed in Cal GOV Code §12750.2 and 22 CCR §100780.) – **See Attachment 3**

10.10. Does the State CSBG statute and/or regulations specify a process the State CSBG agency must follow to re-designate an existing eligible entity? Yes No

10.10a. If yes, provide the citation(s) of the law and/or regulation. If no, describe State procedures for re-designation of existing eligible entities.

Under California law, existing CSBG eligible entities need not be re-designated. Once designated, an eligible entity maintains eligibility for funding (designation) until the eligible entity is either de-designated/terminated or voluntarily terminates its status as an eligible entity. If an eligible entity is de-designated or terminated and wishes to become an eligible entity again, it is subject to the same provisions as any entity seeking eligible entity status.

Fiscal Controls and Audits and Cooperation Assurance:

10.11. Fiscal Controls and Accounting: Describe how the State’s fiscal controls and accounting procedures will a) permit preparation of the SF-425 Federal fiscal reports (FFR) and b) permit the tracing of expenditures adequate to ensure funds have been used appropriately under the block grant, as required by Block Grant regulations applicable to CSBG at 45 CFR 96.30(a).

Administrative and program costs of federal grants are tracked through the usage of Program Cost Account and Project Numbers/Work Phase through the California State Accounting and Reporting System (CALSTARS). All Federal Trust Fund (FTF) activities are accounted by the State Controller’s Office (SCO) at two levels:

- The Appropriation Level – Authority to expend FTF is received through one or more agency appropriation in the Annual State Budget Act.
- The SCO “44” Account level. Enactment Year assigns by SCO. The SCO uses the 44 accounts as a depository for Federal receipts and transfer. Funds are held in these accounts without regard to the Fiscal Year of receipts.

CALSTARS allows departments and agencies within the State who receive federal funding to account at both levels to facilitate control and reconciliation with SCO accounts.

The Federal Catalog/SCO Account Number, which is looked up by an assigned Project Number/Work Phase in CALSTARS accounting transactions, is included on all transaction posting to federal funds.

The Federal Catalog/SCO Account Number is looked up by the Project Number/Work Phase in accounting transactions. The FY accounts are accounted in the Appropriation File and 44 Accounts in the Cash Control File.

Authority to receive Federal Funds is based on the grant document received from the federal agency. Accounts representing receipt authority (44 Accounts) are established by the SCO and in CALSTARS based on an AUD10A document submitted to the SCO. The SCO establishes individual Detail (D) and Control (C) accounts to record transfers to FY accounts. A detail receipt account, which stands alone, is established for control of receipt authority.

44 (D) accounts are summarized in an overall Control (C) account, 44 (R) accounts are summarized in an overall Control (Q) account. Authority to expend Federal Funds is received through the annual State Budget Act. Detail expenditure (D) and receipt (F) appropriation accounts, summarized in a Control (C) account, and are established by the SCO in amounts authorized by the State Budget Act. The detail accounts are established in CALSTARS through the use of appropriation symbols.

- 10.12. Single Audit Management Decisions:** Describe State procedures for issuing management decisions for eligible entity single audits, as required by Block Grant regulations applicable to CSBG at 45 CFR 75.521. - Attend Board meetings
 - Review copies of the board meeting minutes
 - Track board vacancies/composition

Other

11.2. How often does the State require eligible entities (which are not on TAPs or QIPs) to provide updates (e.g., copies of meeting minutes, vacancy alerts, changes to bylaws, low-income member selection process, etc.) regarding their Tripartite Boards? **[Check all that apply]**

- Annually (submitted with contract)
- Semiannually
- Quarterly
- Monthly
- Other

11.3. Assurance on Eligible Entity Tripartite Board Representation: Describe how the State will carry out the assurance under Section 676(b)(10) of the CSBG Act that the State will require eligible entities to have policies and procedures by which individuals or organizations can petition for adequate representation on an eligible entities' Tripartite Board.

As part of the CAP, CSBG eligible entities must describe their agency's procedures for ensuring adequate low-income representation on the board. CSD will assess agencies compliance by reviewing the description of the written procedures that describe how the board will ensure adequate board representation in which low-income individuals or organizations are adequately represented.

11.4 Does the State permit public entities to use, as an alternative to a Tripartite Board, "another mechanism specified by the State to assure decision-making and participation by low-income individuals in the development, planning, implementation, and evaluation of programs" as allowed under Section 676B(b)(2) of the CSBG Act? **Yes** **No**

11.4a. If yes, describe the mechanism used by public eligible entities as an alternative to a Tripartite Board.

CSD has established and approved an alternative mechanism to a tripartite board for NAI Contractors through the use of either a NAI governing council, commission, board or other body responsible for the administration of the CSBG funded programs. This mechanism requires that there is low-income participation.

SECTION 12 Individual and Community Income Eligibility Requirements

12.1. Required Income Eligibility: What is the income eligibility threshold for services in the State? **[Check one item below.]**

- 125% of the HHS poverty line
- % of the HHS poverty line (fill in the threshold): 100%
- Varies by eligible entity

12.1a. Describe any State policy and/or procedures for income eligibility, such as treatment of income and family/household composition.

12.2. Income Eligibility for General/Short Term Services: For services with limited in-take procedures (where individual income verification is not possible or practical), how does the State ensure eligible entities generally verify income eligibility for services? An example of these services is emergency food assistance.

As part of the CAP, CSBG eligible entities are required to describe how the agency verifies income eligibility for services with limited in-take services. CSD will review the income verification process for limited intake through the review of the CAPs and monitoring process.

12.3. Community-targeted Services: For services that provide a community-wide benefit (e.g., development of community assets/facilities, building partnerships with other organizations), how does the State ensure eligible entities' services target and benefit low-income communities?

As part of the CAP, CSBG eligible entities are required to describe how they will provide services that target and benefit low-income communities. CSD will review the CAP responses including the needs assessment to ensure services are targeting low income communities.

SECTION 13 Results Oriented Management and Accountability (ROMA) System

13.1. ROMA Participation: In which performance measurement system will the State and all eligible entities participate, as required by Section 678E(a) of the CSBG Act and the assurance under Section 676(b)(12) of the CSBG Act? **[Check one]**

- The Results Oriented Management and Accountability (ROMA) System
- Another performance management system that meets the requirements of section 678E(b) of the CSBG Act
- An alternative system for measuring performance and results

13.1a. If ROMA was selected in item 13.1, attach and/or describe the State's written policies, procedures, or guidance documents on ROMA.

California and the CSBG eligible entities will continue to participate and comply with ROMA, a management and accountability process that is focused on achieved results. California has incorporated the cycle of the ROMA principles into the CAP and comprehensive community needs assessment. To ensure that the CSBG eligible entities are meeting the ROMA principles, the CAP and community needs assessment are evaluated to verify that the needs assessment data drives the goal setting process and formulates the program activities and delivery strategies. The achievement of results will be reported using the NPIs which will be used by CSD to monitor the CSBG eligible entities performance.

13.1b. If ROMA was not selected in item 13.1, describe the system the State will use for performance measurement.

13.2. Indicate and describe the outcome measures the State will use to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization, as required under Section 676(b)(12) of the CSBG Act? **[Check one and provide Narrative]**

- 13.3.** How does the State support the eligible entities in using the ROMA system (or alternative performance measurement system)?

In 2014, CSD invested discretionary funds to provide National ROMA Peer to Peer Training to CSBG eligible entities and CSBG program staff. As a result, CSD has certified ROMA trainers that are available to provide training and technical assistance to the eligible entities as needed. This will support the organizational standard 4.2 which indicates the eligible entity must use the services of a certified ROMA trainer.

- 13.4. Eligible Entity Use of Data:** How is the State validating that the eligible entities are using data to improve service delivery?

CSD requires CSBG eligible entities to certify compliance with how they are using the data to improve service delivery. CSD will evaluate the responses to ensure data is used to improve program delivery and services.

Community Action Plans and Needs Assessments

- 13.5.** Describe how the State will secure a Community Action Plan from each eligible entity, as a condition of receipt of CSBG funding by each entity, as required by Section 676(b)(11) of the CSBG Act.

CSD requires each CSBG eligible entity to submit a CAP as a condition of receipt of funding. The CAPs are submitted to CSD no later than June 30 on a biennial basis.

- 13.6. State Assurance:** Describe how the State will assure that each eligible entity includes a community needs assessment for the community served (which may be coordinated with community needs assessments conducted by other programs) in each entity's Community Action Plan, as required by Section 676(b)(11) of the CSBG Act.

As part of the CAP, CSBG eligible entities are required to submit a comprehensive community needs assessment. The needs assessment is evaluated to ensure that the problems and conditions of poverty within the CSBG eligible entity's service area are captured and based on verifiable data and information gathered through various sources.

SECTION 14 CSBG Programmatic Assurances and Information Narrative (Section 676(b) of the CSBG Act)

The CSBG eligible entities satisfy these Assurances through activities such as disaster preparedness and relief, energy supports, job training, asset development programs, educational supports, career development, volunteer efforts, food supports, health education and access, tax preparation assistance, mentoring, parenting development, child care services and other activities. CSD requires CSBG eligible entities to certify compliance with these Assurances in the CAP. CSD will ensure that these activities are carried out through review of the CAPs, monitoring of the CSBG eligible entities' program performance and enforcement of contract requirements.

Needs of Youth

- 14.1b. 676(b)(1)(B)** Describe how the State will assure “that funds made available through grant or allotment will be used –
- (B) to address the needs of youth in low-income communities through youth development programs that support the primary role of the family, give priority to the prevention of youth problems and crime, and promote increased community coordination and collaboration in meeting the needs of youth, and support development and expansion of innovative community-based youth development programs that have demonstrated success in preventing or reducing youth crime, such as--
 - (i) programs for the establishment of violence-free zones that would involve youth development and intervention models (such as models involving youth

-
- mediation, youth mentoring, life skills training, job creation, and entrepreneurship programs); and
- (ii) after-school child care programs;

CSBG eligible entities submit a narrative as part of their CAP describing how they meet the above Assurances that address the needs of the youth in their communities. Identified needs are met through various methods, including summer youth programs, mentoring programs, gang suppression and prevention programs, life skills training and employment-related initiatives.

Coordination of Other Programs

14.1c. 676(b)(1)(C) Describe how the State will assure “that funds made available through grant or allotment will be used –

- (C) to make more effective use of, and to coordinate with, other programs related to the purposes of this subtitle (including State welfare reform efforts)

Each CSBG eligible entity’s CAP must include a narrative describing the systems used to ensure optimal coordination with other appropriate programs in the community. CSD requires CSBG eligible entities to certify compliance with these Assurances in the CAP.

State Use of Discretionary Funds

14.2 676(b)(2) Describe “how the State intends to use discretionary funds made available from the remainder of the grant or allotment described in section 675C(b) in accordance with this subtitle, including a description of how the State will support innovative community and neighborhood-based initiatives related to the purposes of this subtitle.”

See “State Use of Funds: Remainder/Discretionary,” items 7.9 and 7.10

Eligible Entity Service Delivery, Coordination, and Innovation

14.3. 676(b)(3) “Based on information provided by eligible entities in the State, a description of...”

Eligible Entity Service Delivery System

14.3a. 676(b)(3)(A) Describe “the service delivery system, for services provided or coordinated with funds made available through grants made under 675C(a), targeted to low-income individuals and families in communities within the State;

Because of California’s economic, geographic, language and ethnic diversity, no single service delivery system is effective or appropriate for all regions or communities within the State.

While CSBG eligible entities adopt a service delivery system that seeks to maximize client access, avoid duplication of services and provide services along a continuum of need, how these models operate is a function of local conditions and priorities. The service delivery systems of some CAAs are centralized, with the eligible entity directly providing all or most of the direct client services. Others rely on sub-contractors and referrals to a network of community partners for service delivery. Service delivery systems also vary in how and where services are provided. Some CSBG eligible entities rely primarily on providing services at a centralized, brick-and-mortar location. Others—particularly those in rural or remote regions where transportation is challenging for low-income residents—provide services to clients and communities in mobile vans or satellite offices. Co-location of services and one-stop models are common, where the client can go to one convenient location for a variety of services.

Eligible Entity Linkages – Approach to Filling Service Gaps

14.3b. 676(b)(3)(B) Describe “how linkages will be developed to fill identified gaps in the services, through the provision of information, referrals, case management, and follow up consultations.”

See State Linkages and Communication section, item 9.3b.

Coordination of Eligible Entity Allocation 90 Percent Funds with Public/Private Resources

14.3c. 676(b)(3)(C) Describe how funds made available through grants made under 675C(a) will be coordinated with other public and private resources.”

See State Linkages and Communication section, item 9.7.

Eligible Entity Innovative Community and Neighborhood Initiatives, Including Fatherhood/Parental Responsibility

14.3d. 676(b)(3)(D) Describe “how the local entity will use the funds [made available under 675C(a)] to support innovative community and neighborhood-based initiatives related to the purposes of this subtitle, which may include fatherhood initiatives and other initiatives with the goal of strengthening families and encouraging parenting.”

Note: The description above is about eligible entity use of 90 percent funds to support these initiatives. States may also support these types of activities at the local level using State remainder/discretionary funds, allowable under Section 675C(b)(1)(F). In this State Plan, the State indicates funds allocated for these activities under item 7.9(f).

Each CSBG eligible entity’s CAP must include a narrative describing how the agency will use funds to support innovative community and neighborhood-based initiatives, including

fatherhood and other initiatives with the goal of strengthening families and encouraging parental responsibility. Many CSBG agencies provide fatherhood strengthening classes and counseling, including expansion of non-court-ordered parenting classes, providing services addressing co-parenting communication skills, strategies to establish and maintain active involvement in the lives of their children, and support of fathers to prevent child abandonment. Other activities described by the CSBG eligible entities have focused on incarcerated or recently paroled men, providing job training and employment assistance to prepare them to provide financial support to their children, and thus, help them re-establish healthy connections to their families. Children are a focus of many CSBG eligible entities. Many coordinate with the First 5 California, a statewide initiative focused on infants through age five, to provide services to improve early childhood outcomes to ensure they enter school healthy and ready to learn. Local program planning and coordination have also been a priority to better meet the needs of special populations like developing a coordinated system of care for homeless persons.

Eligible Entity Emergency Food and Nutrition Services

- 14.4. 676(b)(4)** Describe how the State will assure “that eligible entities in the State will provide, on an emergency basis, for the provision of such supplies and services, nutritious foods, and related services, as may be necessary to counteract conditions of starvation and malnutrition among low-income individuals.”

CSBG eligible entities certify their compliance with this assurance in the CAP. CSBG eligible entities provide a narrative of their plan for providing emergency food assistance and nutrition to offset conditions of starvation and malnutrition. CSBG eligible entities coordinate with a variety of community organizations to provide food security. To promote availability of nutritious foods, many CSBG eligible entities assist in the development of community gardens.

State and Eligible Entity Coordination/linkages and Workforce Innovation and Opportunity Act Employment and Training Activities

- 14.5. 676(b)(5)** Describe how the State will assure “that the State and eligible entities in the State will coordinate, and establish linkages between, governmental and other social services programs to assure the effective delivery of such services, and [describe] how the State and the eligible entities will coordinate the provision of employment and training activities, as defined in section 3 of the Workforce Innovation and Opportunity Act, in the State and in communities with entities providing activities through statewide and local workforce development systems under such Act.”

See State Linkages and Communication section, items 9.1, 9.2, 9.3a, 9.4, 9.4a, and 9.4b.

State Coordination/Linkages and Low-income Home Energy Assistance

-
- 14.6. 676(b)(6)** Provide “an assurance that the State will ensure coordination between antipoverty programs in each community in the State, and ensure, where appropriate, that emergency energy crisis intervention programs under title XXVI (relating to low-income home energy assistance) are conducted in such community.”

See State Linkages and Communication section, items 9.2 and 9.5.

Federal Investigations

- 14.7. 676(b)(7)** Provide “an assurance that the State will permit and cooperate with Federal investigations undertaken in accordance with section 678D.”

See Fiscal Controls and Monitoring section, item 10.13.

Funding Reduction or Termination

- 14.8. 676(b)(8)** Provide “an assurance that any eligible entity in the State that received funding in the previous fiscal year through a community services block grant made under this subtitle will not have its funding terminated under this subtitle, or reduced below the proportional share of funding the entity received in the previous fiscal year unless, after providing notice and an opportunity for a hearing on the record, the State determines that cause exists for such termination or such reduction, subject to review by the Secretary as provided in section 678C(b).”

See Fiscal Controls and Monitoring section, item 10.7.

Coordination with Faith-based Organizations, Charitable Groups, Community Organizations

- 14.9. 676(b)(9)** Describe how the State will assure “that the State and eligible entities in the State will, to the maximum extent possible, coordinate programs with and form partnerships with other organizations serving low-income residents of the communities and members of the groups served by the State, including religious organizations, charitable groups, and community organizations.”

See State Linkages and Communication section, item 9.6.

Eligible Entity Tripartite Board Representation

- 14.10. 676(b)(10)** Describe how “the State will require each eligible entity in the State to establish procedures under which a low-income individual, community organization, or religious organization, or representative of low-income individuals that considers its organization, or low-income individuals, to be inadequately represented on the board (or other mechanism) of the eligible entity to petition for adequate representation.”

See Eligible Entity Tripartite Board section, 11.3

Eligible Entity Community Action Plans and Community Needs Assessments

14.11. 676(b)(11) Provide “an assurance that the State will secure from each eligible entity in the State, as a condition to receipt of funding by the entity through a community services block grant made under this subtitle for a program, a community action plan (which shall be submitted to the Secretary, at the request of the Secretary, with the State plan) that includes a community-needs assessment for the community served, which may be coordinated with community-needs assessments conducted for other programs.”

See items 13.5 and 13.6

State and Eligible Entity Performance Measurement: ROMA or Alternate system

14.12. 676(b)(12) Provide “an assurance that the State and all eligible entities in the State will, not later than fiscal year 2001, participate in the Results Oriented Management and Accountability System, another performance measure system for which the Secretary facilitated development pursuant to section 678E(b), or an alternative system for measuring performance and results that meets the requirements of that section, and [describe] outcome measures to be used to measure eligible entity performance in promoting self-sufficiency, family stability, and community revitalization.”

See ROMA section, items 13.1, 13.2, 13.3, and 13.4.

Validation for CSBG Eligible Entity Programmatic Narrative Sections

14.13. 676(b)(13) Provide “information describing how the State will carry out the assurances described in this section.”

The State provides information for each of the assurances in corresponding items throughout the State Plan.

- (4) For grantees who are individuals, Alternate II applies.
- (5) Workplaces under grants, for grantees other than individuals, need to be identified on the certification. If known, they may be identified in the grant application. If the grantee does not identify the workplaces at the time of application, or upon award, if there is no application, the grantee must keep the identity of the workplace(s) on file in its office and make the information available for Federal inspection. Failure to identify all known workplaces constitutes a violation of the grantee's drug-free workplace requirements.
- (6) Workplace identifications must include the actual address of buildings (or parts of buildings) or other sites where work under the grant takes place. Categorical descriptions may be used (e.g., all vehicles of a mass transit authority or State highway department while in operation, State employees in each local unemployment office, performers in concert halls or radio studios).
- (7) If the workplace identified to the agency changes during the performance of the grant, the grantee shall inform the agency of the change(s), if it previously identified the workplaces in question (see paragraph five).

-
- (8) Definitions of terms in the Nonprocurement Suspension and Debarment common rule and Drug-Free Workplace common rule apply to this certification. Grantees' attention is called, in particular, to the following definitions from these rules:

Controlled substance means a controlled substance in Schedules I through V of the Controlled Substances Act (21 U.S.C. 812) and as further defined by regulation (21 CFR 1308.11 through 1308.15);

Conviction means a finding of guilt (including a plea of nolo contendere) or imposition of sentence, or both, by any judicial body charged with the responsibility to determine violations of the Federal or State criminal drug statutes;

Criminal drug statute means a Federal or non-Federal criminal statute involving the manufacture, distribution, dispensing, use, or possession of any controlled substance;

Employee means the employee of a grantee directly engaged in the performance of work under a grant, including: (i) All direct charge employees; (ii) All indirect charge employees unless their impact or involvement is insignificant to the performance of the grant; and, (iii) Temporary personnel and consultants who are directly engaged in the performance of work under the grant and who are on the grantee's payroll. This definition does not include workers not on the payroll of the grantee (e.g., volunteers, even if used to meet a matching requirement; consultants or independent contractors not on the grantee's payroll; or employees of subrecipients or subcontractors in covered workplaces).

Certification Regarding Drug-Free Workplace Requirements

Alternate I. (Grantees Other Than Individuals)

The grantee certifies that it will or will continue to provide a drug-free workplace by:

- (b) Establishing an ongoing drug-free awareness program to inform employees about - -
 - (1) The dangers of drug abuse in the workplace;
 - (2) The grantee's policy of maintaining a drug-free workplace;
 - (3) Any available drug counseling, rehabilitation, and employee assistance programs; and
 - (4) The penalties that may be imposed upon employees for drug abuse violations occurring in the workplace;
- (c) Making it a requirement that each employee to be engaged in the performance of the grant be given a copy of the statement required by paragraph (a);

-
- (d) Notifying the employee in the statement required by paragraph (a) that, as a condition of employment under the grant, the employee will - -
- (1) Abide by the terms of the statement; and
 - (2) Notify the employer in writing of his or her conviction for a violation of a criminal drug statute occurring in the workplace no later than five calendar days after such conviction;
- (e) Notifying the agency in writing, within 10 calendar days after receiving notice under paragraph (d)(2) from an employee or otherwise receiving actual notice of such conviction. Employers of convicted employees must provide notice, including position title, to every grant officer or other designee on whose grant activity the convicted employee was working, unless the Federal agency has designated a central point for the receipt of such notices. Notice shall include the identification number(s) of each affected grant;
- (f) Taking one of the following actions, within 30 calendar days of receiving notice under paragraph (d)(2), with respect to any employee who is so convicted - -
- (1) Taking appropriate personnel action against such an employee, up to and including termination, consistent with the requirements of the Rehabilitation Act of 1973, as amended; or
 - (2) Requiring such employee to participate satisfactorily in a drug abuse assistance or rehabilitation program approved for such purposes by a Federal, State, or local health, law enforcement, or other appropriate agency;
- (g) Making a good faith effort to continue to maintain a drug-free workplace through implementation of paragraphs (a), (b), (c), (d), (e) and (f).

The grantee may insert in the space provided below the site(s) for the performance of work done in connection with the specific grant:

Place of Performance (Street address, city, county, state, zip code) **[2389 Gateway Oaks Drive, Sacramento, Sacramento County, California, 95833]**

Alternate II. (Grantees Who Are Individuals)

- (a) The grantee certifies that, as a condition of the grant, he or she will not engage in the unlawful manufacture, distribution, dispensing, possession, or use of a controlled substance in conducting any activity with the grant;

-
- (b) If convicted of a criminal drug offense resulting from a violation occurring during the conduct of any grant activity, he or she will report the conviction, in writing, within 10 calendar days of the conviction, to every grant officer or other designee, unless the Federal agency designates a central point for the receipt of such notices. When notice is made to such a central point, it shall include the identification number(s) of each affected grant.

- (2) The inability of a person to provide the certification required below will not necessarily result in denial of participation in this covered transaction. The prospective participant shall submit an explanation of why it cannot provide the certification set out below. The certification or explanation will be considered in connection with the department or agency's determination whether to enter into this transaction. However, failure of the prospective primary participant to furnish a certification or an explanation shall disqualify such person from participation in this transaction.
- (3) The certification in this clause is a material representation of fact upon which reliance was placed when the department or agency determined to enter into this transaction. If it is later determined that the prospective primary participant knowingly rendered an erroneous certification, in addition to other remedies available to the Federal Government, the department or agency may terminate this transaction for cause or default.
- (4) The prospective primary participant shall provide immediate written notice to the department or agency to which this proposal is submitted if at any time the prospective primary participant learns that its certification was erroneous when submitted or has become erroneous by reason of changed circumstances.
